

Product Discontinuance Notice Update

Date: Sep. 01, 2026

Notification Number: PDN-20260901-1

Dear Partners,

This End of Life (EOL) notice is issued in accordance with the official product lifecycle management framework of our key silicon partner. Intel has officially issued Product Change Notification PCN #919977-00, announcing an end-of-shipment schedule for its legacy processor families, including Intel Atom®, Intel® Celeron®, and Intel® Pentium® processors (collectively the legacy Bay Trail and Braswell platforms).

While Intel's standard policy commits to a 10-year product longevity coupled with 5 years of post-shipment security updates, the architectural limitations of these legacy platforms prevent them from sustaining long-term infrastructure support. As manufacturing and technical support for these underlying processor families will completely cease upon their specified milestones, Jetway is consequently executing this corresponding EOL framework for all affected system models and their derivatives to ensure an orderly phase-out and transition.

Please note that two additional system models have been newly added to the EOL product list in this update, and the EOL milestones have been adjusted accordingly to align with procurement processing schedules.

We sincerely regret the disruption that may result from the subject of this notification. We will work closely with our customers to manage this incident as smoothly as possible.

**EOL Model:**

EOL Model	Replace Model
HBJC313U591	B420UADN1
HBJC420U591	B420UADN1
HBJC382F632	B382FMTU1 / B382FRPU1

EOL Milestone:

Milestone	Content	Due Date
EOL Announcement	Announcement of this EOL Notice	2026/09/01
EOL on web site	Mark as an EOL product on Jetway web site	2026/09/01
Forecast Frozen	The forecast will be frozen, and no further changes will be accepted for material preparation.	2026/10/9
Last Time Buy (LTB)	The final deadline for placing customer orders. No further orders will be accepted after this date. Please note that LTB orders are non-cancelable and non-returnable (NCNR).	2026/10/30
Last Time Shipment (LTS)	The final acceptable shipment date for orders placed before LTB. Any orders requesting a delivery date after this date are subject to production team review for material availability, MOQ, and lead time, and the original quotation will no longer apply.	2027/02/12

Sincerely yours

PM: Ray Chang
